# Instant Recall Facts

## Year 1 – Autumn 2

### I know number bonds to 10

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

$0 + 10 = 10$   $2 + 8 = 10$   $4 + 6 = 10$   $10 + 0 = 10$   $8 + 2 = 10$   $6 + 4 = 10$   $10 - 10 = 0$   $10 - 8 = 2$   $10 - 6 = 4$   $10 - 0 = 10$   $10 - 2 = 8$   $10 - 4 = 6$   $1 + 9 = 10$   $3 + 7 = 10$   $5 + 5 = 10$   $9 + 1 = 10$   $7 + 3 = 10$   $10 - 5 = 5$   $10 - 9 = 1$   $10 - 7 = 3$   $10 - 1 = 9$   $10 - 3 = 7$  They should be able to answer these questions in any order, including missing number questions e.g.  $6 + \quad = 10$  or  $10 - \quad = 3$

**Top Tips** The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey?

You do not need to practise them all at once; perhaps you could have a fact of the day.

If you would like more ideas, please speak to your child's teacher.

**Use practical resources** - Your child has one potato on their plate and you give them two more. Can they predict how many they will have now?

**Make a poster** Pictures – your child could make a poster showing the different ways of making 5.

**Play Games** – You can play number bond pairs online at [www.conkermaths.com](http://www.conkermaths.com) and then see how many questions you can answer in just one minute.
